

Press Release: June 2026

## Distribution Expansion Announcement

ReddyPort is excited to announce that our product line is now available through Medline's Med/Surg Distribution Network. Since the launch of ReddyPort Inc products in early 2021, our line of Non-Invasive Ventilation oral care and communication devices have experienced rapid growth and clinical acceptance, resulting in over 17,000 patients with our BiPAP oral access devices (suction yankauer, toothbrush, and swabs).

**Beginning June 1, 2026**, ReddyPort products are available for purchase directly from Medline Med/Surg Prime Vendor (under **Vendor #196345**). With over 50 US based warehouse locations, Medline's distribution network facilitates timely delivery of ReddyPort products to meet the growing demand and clinical needs of our customers.

For a list of ReddyPort products available through Medline's distribution network, please refer to the attached product listings. All customers are encouraged to reach out to ReddyPort (801-899-3036) to request a copy of 2026 pricing and terms.

If you have any questions about any aspect of the terms described in this notice, please do not hesitate to contact ReddyPort directly.

Regards,

Tony Lair  
CEO  
ReddyPort, Inc.
